What started as a small family operation, has continued to grow to encompass over 65,000 locations. With over 65 years of experience, WASH has an unrivaled expertise in all aspects of the business, and this allows us to provide the full spectrum of products and services.

- **Installation** - WASH installs tens of thousands of new and certified refurbished washers and dryers every year. Our trained technicians ensure that your machines work properly and efficiently from day one.
- **Reconditioning** - our 73,000 square foot operations center is staffed and equipped to put machines through a comprehensive 135-point inspection and reconditioning process.
- **Inventory** - our massive stock of parts and database management systems ensures that we have everything we need to deliver best-in-class products and service.
- **Special Services** - we can help our partners plan, design, and even decorate their laundry rooms, making the space more inviting and comfortable for residents.
- **Collections** - the secure processing center at our operations facility is safe and protected with state-of-the-art security systems and round-the-clock video surveillance.

WASH is continually investing time and resources to improve operations to help pave the way for ongoing innovations. These investments help to ensure that machines and systems operate efficiently so your laundry room runs as smoothly as possible.
Recondition Process

At WASH, we know the commercial laundry business inside and out. By reconditioning machines through our 135-point inspection, our plant operations are literally the nuts and bolts of how we keep our laundry rooms in top working order.

### Washers

**Water Related Systems**

Inspect & test the operation and/or condition of the following items:

- Module
  - Rear bearing
  - Front bearing
  - Bearing spacer
  - Spinner pulley

  - Baffles
  - Tub cover
  - Tub seal
- Outer tub
- Inner basket
- Water valve
- Clamps
- Drain hose
- Inlet hose
- Outer tub hose
- Hose screens
- Hose washers
- Injector hose
- Clamp kit
- Water pump
- Dispenser lid
- Dispenser bezel
- Dispenser grid
- Dispenser assembly
- Dispenser bottom
- Hinge pin
- Siphon cap
- Siphon cup
- Valve seal kit
- Drain pump assembly
- Pump belt
- Water level switch
- Backflow preventer
- Agitator
- Agitator cap
- Injector kit
- Tub cover gasket

- Mounting Kit
  - Stem
  - Seal
  - Clamping nut
- Mounting stem set screw
- Tub bearing repair kit
- Retaining washer
- Rear strut assembly
- Water test complete cycle

**Mechanical/Electrical Systems**

Inspect & test the operation and/or condition of the following items:

- Coin drop/slide
  - Gate
  - Gate cover
  - Magnet
  - Slide stop
  - Teeth
  - Spring
  - Spring protector
- Brake Package
  - Radial ball bearing
  - Brake rotor bearing
  - Drive pulley
  - Drive pulley belt
- Transmission
  - Agitator shaft
  - Center shaft
  - Bevel gear
  - Splined washer
  - Lip seal
  - Pinion
  - Rubber seal
  - O-ring agitator shaft
  - Block, torque & yoke assembly
  - Agitator shaft spring
- Balance ring
- Motor
- Circuit board
- Card reader

### Dryers

**Mechanical/Electrical Systems**

Inspect & test the operation and/or condition of the following items:

- Idler pulley
- Idler pulley belt
- Motor
- Outlet duct assembly
- Blower
- Blower housing
- Idler assembly bearing
- Circuit boards
- Card reader
- Touch pad
- Transformer
- Wire harness
- Line cord

**Thermal System**

- Gas valve
- Thermostats
- Igniter assembly
- Holding & booster coil
- Secondary coil
- Tumbler
  - Drum seals
  - Drum rollers
  - Lint filter
  - Front tumbler
  - Back tumbler
  - Tumbler bearing kit
  - V-belt
  - Baffles
- Coin drop/slide
  - Gate
  - Gate cover
  - Magnet
  - Slide stop
  - Teeth
  - Spring
  - Spring protector

**Cleaning/Cosmetics**

- Exterior cleaning
- Remove scratches and blemishes
- Powder coat front and rear bulkhead
- Powder coat drum

The lead technician or supervisor completes a final quality assurance inspection before approving it for WASH Certified stock.

---

The WASH Certified mark is more than WASH’s seal of approval, it’s our employees’ personal assurance that our washers & dryers are in top working order and well prepared to handle the daily demands of your busy laundry room.
